

Roadway into Fairfield Glade to be Expanded

The Tennessee Department of Transportation (TDOT) has begun the process of expanding Peavine Road leading from I-40 to Fairfield Glade resort. The new roadway will have four lanes, a turn lane, and sidewalks down each side. If you visit soon, you will notice many areas along Peavine Road which look neglected with empty buildings and overgrown vegetation. TDOT has purchased the easements, including affected structures, along the roadway and is preparing these areas for demolition with the commencement of road construction. Please excuse the mess—but we are excited about the expansion and improvements!
