A private guided tour of the prison prior to their opening will allow you to experience Brushy Mountain without any distraction. After your tour, you will have plenty of time to check out the gift shop, distillery, and have a bite to eat at the Warden's Table before heading back to The Center.

The stories that live on at Brushy Mountain and the voices that echo down "3 Walk" will all be yours to witness. It may surprise you, terrify you, and make you wonder what it would've been like to be locked up in the prison for the rest of your life. This will be an experience like no other! You will get to experience the significant components of the prison from the cell block to the cafeteria and other buildings like the laundry room, gymnasium, museum, movie theatre (18 min. documentary plays every half hour), exercise yard, and the all-important "HOLE." Just remember do not linger too long you might get locked in for the night!

The Warden's Table restaurant offers a variety of southern food, serving up everything from classic BBQ plates and loaded potatoes to BBQ nachos and cheeseburgers. This is southern cooking with a twist and hospitality at its best. Food is served cafeteria style so you will be in and out before you know it.
