Come experience Local breweries at their best. We will make two brewery stops before stopping for food.

First stop, Calf Killer Brewing Company which began in 2001 with two brothers, Don and Dave Sergio, who dreamed of having some sort of a business together and converted a horse shed in Don's backyard into a "home brewery" using 100% recycled materials.

Second Stop, Happy Trails Brewery & Taproom conveniently located in downtown Sparta, TN where they strive to offer a mix of true to style beers that you know and love and unique, one of a kind recipes that are sure to excite your palate.

The last stop, Marioochi's Pizza on the Square, located in the heart of historic downtown Sparta, TN. The menu offers traditional wood fired brick oven traditional Italian style pizza with a variety of Italian meats and cheeses. They also serve salads, appetizers, and have specials that may range from a pasta or a hoagie.
